

TECHBYTE

January's Milestones

2020

<CODE MIND>

Code mind is a programming skill training program that has been commenced to help students develop their programming skills. This program organizes regular training sessions, quizzes, code a thons and other activities that are designed to help students strengthen their coding ability.

UiPath Academic Alliance

Mr Suresh attended a five day train the trainer session organized by UiPath India in Bangalore. The program helped him enhance his skills and further deliver more efficient sessions in the future.

Mr Jonathan and Mr Jagadeep at a train the trainer session organized by Automation Anywhere in Bangalore India.

This session focused on guiding them about how to migrate to the newer updated version of automation anywhere and eventually deliver more efficient training sessions.

Cisco Networking Academy Conference

Mr Babji, CEO and Mr Chaitanya at the Cisco National Conference in Bangalore, India. The conference recognized Mr Chaitanya's outstanding achievement to help fill the global cybersecurity skills shortage and build the workforce of tomorrow.

This global recognition award is issued to Aditya Academy by Mr Piotr Pluta-Director Corporate Affairs, Dr. Sandhya chintala-Nascom Vice President , Mr Omar Shaban-Director Networking Academy Operations and other delegates.

Training T-Shaped Engineers

A 24 hour program organized to help our T shaped engineers prepare themselves for a campus drive organized by Infosys. This program gave them a complete experience of what they would have to face during the actual interview.
